Dr. David Gelperin,
Chief Technology Officer
ClearSpecs Enterprises

David Gelperin is CTO & President of ClearSpecs Enterprises in Minneapolis, MN. He has more than 35 years experience in software engineering with an emphasis on software quality, verification, and testing and software process engineering. David cofounded Software Quality Engineering and catalyzed the launch of Better Software magazine. He chaired the working groups developing the ANSI/IEEE standards on software testing – 829 on software test documentation and 1008 on software unit testing. David received a PhD in Computer Science from the Ohio State University. More details are available on the ClearSpecs website.
